Memorandum of Understanding

Memorandum of Understanding between

Prof. Stefan D. Knight, Department of Cell and Molecular Biology, Uppsala
University, Sweden (UU)

and

Department of Biology, University Dr Tahar Moulay, Saida, Algeria (UTM)

hereafter referred to as the Partners.

This Memorandum of Understanding (MOU) sets forth the terms and understanding between UU and UTM to develop collaborative research and education activities in the area of Structural Biology.

Background

Through the insights it provides on the three-dimensional structure of bio-macromolecules (Proteins, DNA, RNA), Structural Biology is both central and essential to understanding biological processes at the molecular level. Currently, there is no Structural Biology research or education at UTM, whereas UU has a strong presence in the field. We want to support efforts to establish Structural Biology at UTM by initiating joint research projects and by allowing students from UTM to be trained at UU at all necessary techniques from molecular biology to x-ray crystallography and 3D-structure solving.

Purpose

We want to support efforts to establish Structural Biology at UTM by initiating joint research projects and by allowing students from UTM to be trained at UU. This involves establishing a formal educational contract between UU and UTM to allow students from UTM to take part of education at UU free of cost.

Funding

This MOU is not a commitment of funds.

Duration

This MOU is at-will and may be modified by mutual consent of authorized officials from UU and UTM. This MOU shall become effective upon signature by the authorized officials from the Partners and will remain in effect until modified or terminated by any one of the Partners by mutual consent. In the absence of mutual agreement by the authorized officials from the Partners this MOU shall end on 2016-12-31.

Memorandum of Understanding

Contact Information

Partner name: Department of Cell and Molecular Biology, Uppsala University

Partner representative: Professor Stefan D. Knight

Position: Professor, Program Head Structural and Molecular Biology

Address: Uppsala Biomedical Centre, P.O. Box 596, SE-751 24 Uppsala, Sweden

Telephone: +46 (0)18 471 45 54

Fax: +46 (0)18 53 03 96

E-mail: stefan.knight@icm.uu.se

Partner name: University Dr Tahar Moulay

Partner representative: Prof. Fethi Tebboune

Position: Professor

Address: BP 138 cité ENNASR 20000, Saida, Algérie.

Telephone: +213 (0)555 070 396

Fax:

E-mail: fethallah.tebboune@univ-sba.dz

Date: 15/10/05
